

Fellowship In Aesthetic & Anti Aging Medicine (FAAM)

Course Curriculum

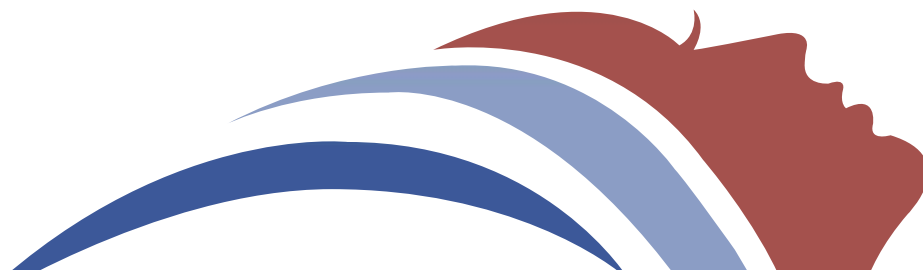

SECTION 1 : INTRODUCTION

- Aesthetic Medicine / Cosmetology

SECTION 2 : SKIN

- Anatomy & Physiology
- Skin analysis scan
- Skin Types
- Common Cosmetic Skin Conditions
- Autoimmune skin conditions

SECTION 3 : HAIR

- Anatomy & Physiology
 - Normal Hair Growth
 - Hair Types
 - Hair Conditions
- 

SECTION 4 : CHEMICAL PEELS

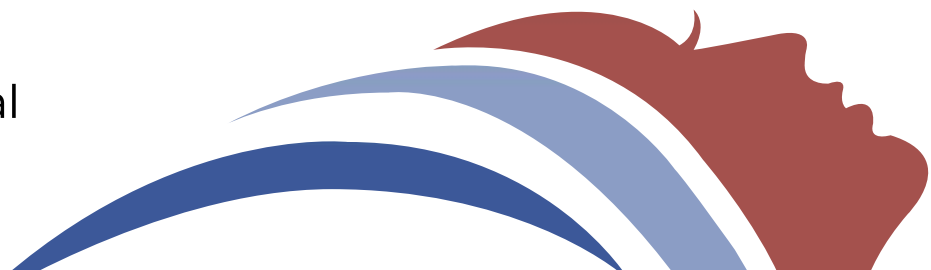

- Superficial Peels
- Deep Peels
- Pigmentation
- Combination Chemical Peels
- Peels Classification
- Peels Characteristics
- Understanding of Different Peels
- Patient (Evaluation, Selection)
- Indications, contraindications
- Consent

SECTION 5 : BOTULINUM TOXIN

- The Product - Introduction
- Patient evaluation / examination
- Indications
- Contraindications
- Cosmetic use
- How to Assist for BTX-A Injections
- Consent

SECTION 6 : DERMAL FILLERS

- Introduction to Dermal Fillers - classification
- Pharmacology
- Indication, contraindications
- Types of Dermal Fillers
- Consent
- How to Assist for Dermal Fillers Injections

SECTION 7 : LASER

- Introduction to Laser
- History, Laser Physics
- Types of Lasers - classification
- Laser & Skin Interaction
- Laser Chromophores
- Choosing Appropriate Settings
- Indications / contraindications
- Aesthetic Laser
- Newer Technologies-RF / IR / Fraxel / Infrared Devices
- Laser Safety
- Patient Psychology and Expectations
- Advanced Lasers and their Indications
- Laser hair removal
- Laser skin tightening
- Consent

SECTION 8 : OTHER MINOR COSMETIC PROCEDURES

- Derma Stamp/Derma Roller/Dermapen
- Hydrafacial
- Electrocautery RF techniques
- Mesotherapy (Electroporation)
- Mole & skin tags removal
- Micropigmentation
- Micro-Dermabrasion

SECTION 9 : BODY CONTOURING AND TIGHTENING DEVICES

- Radio frequency devices 1. R.F. Mono/Bi & Tripolar 2. Fraxel R.F
- HIFU Face Lift
- Ultra Sound based devices (U Lipo)
- Double chin
- Cryolipolysis
- Body liner
- Acoustic Wave Therapy (X-Wave)
- Thread Lift (PDO/PDS)
- Cellulite Reduction Device
- Lipo injections

SECTION 10 : : ACNE

- Medical management
- Acne - classification, pathophysiology
- Use of lasers
- Acne scar
- Treatments of Acne scarring
- Nano Fat grafting

SECTION 11 : NECK REJUVINATION

- CIT (Collagen Introduction Therapy)
- Thread Lift
- Neck Rejuvenation (Botulinum Toxin, Filler, Fat grafting)

SECTION 12 : GLUTATHIONE (SKIN LIGHTENING TREATMENT)

- What is Glutathione
- Importance of glutathione
- Benefits of glutathione
- Glutathione in skin lightening therapy
- Mode of action
- Glutathione IV injection procedure

SECTION 13 : ANESTHESIA

- Introduction
- Type
- Indication, contraindication
- Technique
- Complication

SECTION 14 : MESOTHERAPY

- Basis of Mesotherapy
- Patient Selection & Indications, contraindications

SECTION 15 : COSMETIC PRACTICE

- How to set up cosmetic practice
- Investment
- How To Market Your Practice And Build Your Customer Base
- Medico-Legal Aspects of Cosmetic Dermatology
- Ethics in Cosmetic Practice
